

## Community Highlights

### March

Hello friend,

Have a question about your workspace or a dataset? Come to our first 'Office Hours by Caitlin' on March 16, 7:30-8:30am PDT (10:30 am EDT / 3:30 pm CET / 8 pm IST).

#### Office Hours by Caitlin

Drop in to ask a question or to learn about our new Data Profiler.

We are launching monthly Office Hours for drop-in support. Bring your questions or, this month, come to learn about ADDI's Data Profiler.

#### Office Hours by Caitlin

**When**

16 Mar 2023 7:30 AM to 8:30 AM Pacific Time (US & Canada)  
16 Mar 2023 7:30 AM to 8:30 AM Baja California

Please come to ADDI's first **Office Hours by Caitlin** event! Learn about ADDI's new data profiler, ask about your workspace, datasets, or anything related to ADDI. This is a drop-in session, so feel free to join at any time during the event.

#### New datasets on AD Workbench

NIA's BLSA study and the PREVENT Dementia Research Programme are now available!

- The Baltimore Longitudinal Study of Aging (BLSA) is America's longest-running scientific study of human aging.
- Over 250 variables are available via AD Workbench for the BLSA study participants.
- The PREVENT Dementia programme aims to identify the earliest signs of dementia; participants were recruited in midlife (aged 40 – 59).
- Cognition measures and lifestyle questionnaire data are available for PREVENT participants.

#### ADDI Fellowship Program

Save the Date

ADDI will soon open our Fellowship program to encourage and support researchers around the world to be bold, creative, and insightful in their approach to finding new and meaningful diagnostics, treatments, and cures. [Visit our website in early April for more information.](#)
